

# Elevate Your Health Business Leadership

The Executive MBA at WashU Olin Business School

## Health businesses are at the center of our modern economy.

The next generation of leaders poised to shape the future of the industry must possess a unique combination of hands-on industry experience and business leadership vision. **Unlock your full leadership potential** with an Executive MBA (EMBA) from WashU Olin Business School.

WashU Olin's rigorous EMBA curriculum equips business leaders with **strategic thinking, critical skills, and the enterprise-wide view** that are essential for success in today's complex healthcare landscape. Learning alongside accomplished professionals from diverse industries enriches EMBA students' perspectives while building a new network of peer leaders within each EMBA cohort. Olin's powerful and engaged alumni network includes a breadth of health industry representation to expand your industry expertise.

# WashU Olin's Business of Health

## Your Executive MBA Advantage

WashU Olin's Business of Health initiative exists to engage and empower business leaders poised to improve the well-being of individuals and societies through health products, services, and community partnerships. By combining Olin's proven strength in preparing principled leaders with the expertise of WashU's Schools of Medicine and Public Health, the Business of Health initiative is inherently interdisciplinary in its coursework, collaborations, and impact.

Among the Business of Health core offerings is a commitment to enhance the EMBA journey for health-experienced and health-interested professionals through our **specialized Hx Distinction**. EMBA Hx integrates a dedicated healthcare lens into your business studies through focused courses and immersive experiences. Designed to provide a deep dive into the current health industry, the Hx Distinction empowers you to lead with business expertise.
