## **GUEST SPEAKER**

### **Zoe Hillenmeyer, BFA 2009/MBA 2013**

Zoe Hillenmeyer is the chief operating officer for the AI security company Reco. She has more than a decade of experience in artificial intelligence, at startups like Reco and Protect AI, as well as tech giants like AWS and IBM.

Zoe was trained formally in the fine arts as a sculptor at WashU as an undergraduate. In 2013, she earned her Olin MBA, specializing in strategy. Her diverse educational experiences have informed her approach to AI, combining a human-centered outlook with business impact and strategy.

While Zoe was earning her MBA, she helped reinvigorate and rebrand the Olin Women in Business organization, working with the OWIB and the Olin admissions team to improve our recruitment of women into the MBA program. In 2023, she was named one of Olin's Emerging Leaders, and she currently serves on the Olin National Council.

## **REID TEACHING AWARDS**

A longtime benefactor of Olin Business School, James W. Reid, BSBA 1928, with his wife, Marcile, established the Reid Teaching Awards in 1994 to recognize teaching excellence. The impact of the Reids' benevolence and commitment to Olin will continue to be felt by generations of students, faculty, alumni, and friends. The Reid Teaching Awards are presented by Olin's graduating class to the professors whose enthusiasm and exceptional teaching most inspire, energize, and transform our students.
