

WashU

Default Question Block

The Olin Business of Health Innovation Award recognizes outstanding contributions by Olin faculty, staff, alumni, or current students who advance the school's mission to improve health through the application of business principles. Eligible work may include, but is not limited to, high-impact academic research, health-focused entrepreneurship, meaningful contributions to health policy, and thought leadership or public engagement that shapes the future of health and healthcare.

Please use this form to nominate someone who you believes deserves this award.
