# Partner with the Koch Center for Family Enterprise

The Koch Center for Family Enterprise generates insight into the holistic family enterprise, from core business operations to investment and philanthropic strategy. We convene leaders to surface key issues, pursue rigorous scholarship in these areas, and share the findings with the business community and our students. Together, we channel these insights into positive impact for current and future family business leaders.

## ENGAGE WITH THE BUSINESS COMMUNITY

### Family Enterprise Symposium

Connect with regional business leaders, academics, and students at our annual flagship event, where we examine essential issues facing family enterprise leaders.

### Private Enterprise at Olin Series

Attend our speaker series featuring leading practitioners in the private enterprise sector, gaining insights and building your connections across the St. Louis region and beyond.

### Enduring Enterprise Program

Join a cohort of business owners and senior leaders to identify the ultimate end-game for your business and develop a tailored strategic roadmap to get there.

***“Family businesses often feel like they operate on an island, and that they are the only ones confronting the issues unique to family enterprise. To combat this and to provide needed thought leadership, the Koch Center provides excellent programming through symposiums, research, and connecting family businesses to each other.”***

—Michael J. Dierberg, Chairman of the Board, First Bank

## ENGAGE WITH STUDENTS

### Consulting Projects

Make your business challenge a consulting project for aspiring leaders. Top-tier students can provide insights and innovative solutions while guided by faculty members.

### 1:1 Mentoring

Share your wisdom and insights with the next generation of MBA students who want to own, operate, or invest in private businesses.
